

# CONSTRUCTION RESOURCES

## Apprentice Card

You must carry a valid apprentice card at all times while on the job. If you leave your employer/sponsor to work for another employer, you must re-register.

## Licensed Trades

For the licensed mechanical trades, apprenticeship is the path to licensure. It is illegal to be on the job unless you are licensed or a registered apprentice. If not, the employee and the employer can be fined.

## Check Your Email

Read emails from the **RI Department of Labor and Training** and **Building Futures**. Check your junk mail for emails you might have missed and move us to your inbox.

# NEED HELP?
