

Apprenticeship RHODE ISLAND

Apprenticeship RI is Building Futures' strategic partnership with the RI DLT to expand the use of Registered Apprenticeship in high-growth industries like healthcare, IT, advanced manufacturing, green and plant based industries, commercial fisheries and many more.

Our Impact

100+

Employers using Registered Apprenticeship for the first time

42

New occupations have a Registered Apprenticeship

1570+

New apprentices earning while learning in private industry statewide

45%

Apprentices across all industries from underrepresented communities

Building Futures gives private employers the tools to develop programs specific to their talent development needs and helps Rhode Islanders build new careers through Registered Apprenticeship.

Funded by US DOL/ETA American Apprenticeship Initiative
